

ISP1

SUBSEA PRESSURE POD

The ISP1 provides a highly cost-effective subsea housing for a variety of underwater applications.

The view port is ideal for use with a camera, subsea display or to facilitate a wireless data link.

The connector end cap can accommodate up to four connectors - allowing connection to multiple subsea sensors or other underwater devices.

Sufficient room is provided inside for housing electronics or batteries at atmospheric pressure.

All Subsea Housings are pressure tested and provided with a Pressure Test Certificate.

FEATURES BENEFITS

View Port	Ideal for use with a Camera, Subsea Display or Wireless Link.
Up to Four Connectors	To connect to other subsea equipment.
Small Diameter	Ideal for mounting on an ROV, AUV or Subsea Tooling.
Lightweight	Perfect for applications where weight is critical.
3,000m Depth Rating	Capable of withstanding significant pressure.

PHYSICAL

Depth Rating	3,000m
Body Material	Hard Coat Anodised Aluminium (7075-T6)
Endcap Material	Anodised Aluminium (7075-T6)
Window Material	Polycarbonate
Collar Material	Acetal Copolymer, Black
Connector(s)	Endcap modified to suit connector requirements.
Weight	2.0kg/0.3kg
Air/Fresh water
